Thanks to modern technology it is now possible to find the solace that comes with the lighting of a candle in memory of a loved one with the added comfort of knowing that your tribute will shine for one year or as many as you choose.

Franklin Memorial Park is pleased to offer a very special memorial to our families.
Since the beginning of time the perpetual flame has been used as a memorial tribute across all religions. From the oil lamps used in early temples to votive candles found in many churches, for many the perpetual light has come to symbolize the dedication to keep memories of loved ones foremost in their thoughts.

What is a personalized perpetual light?

Our perpetual lights may be personalized with a short dedication and may also contain a photograph of a loved one or a symbol such as an American flag.

There are many ways a family may participate in our perpetual light program.

- Annual Candle $125
- Annual Candle with Photo $150
- Annual Candle with Symbol $150
- Annual Renewal $30
- Perpetual Candle $1000

By purchasing a perpetual candle you join a select group of families that have helped underwrite the beautiful stained glass window in the chapel. You will be recognized with a photo of the window on your light and as an additional thank you you will receive a memorial in our Kiosk. Please see a memorial counselor for an order form.

In our Chapel of Meditation Mausoleum, a stand of personalized perpetual lights has been placed for the use by families who visit their loved ones anywhere in the Park.

A personalized perpetual light is your way of saying that a loved one is always in your thoughts.
